Feedback so far

Sociability

Love the diversity of households and different needs - support the park.

Recognise need to support extra play area for kids at school.

Community not consulted prior to the trial.

Concern that only 'loud voices' heard, but not representative of all community views.

Children excited in being involved in growing herbs and plants.

Access & Linkages

Little or no impact to traffic.

Will increase traffic up Bridport Street West.

No extra traffic - in fact less.

Could distrupt mail delivery to apartments.

Flow on traffic impacts to adjacent streets.

Loss of resident parking.

Loss of business/teacher parking.

Will increase pressure on resident parking.

School drop off and pick up traffic will be impacted.

Loss of nature strip.

Put it somewhere else.

Put in parking restrictions to stop commuters using the parking.

Loss of disability/emergency/moving van/taxi access to apartments.

No impact at all - just huge benefit.

Users & Activities

No need for a park here.

High need for a park for kids to use.

Late night ball games impact residents.

Seen to be giving Council land to the school - land grab by school.

Committment by Council that residents would retain access to the park - will this happen?

Potential invasion of privacy.

Would love a tennis table.

No demand for a community garden.

Need to have a public access at all times.

Needs to be fenced.

APPS is at capacity - so fortunate to be blessed with extra space.

Its a big park and kids are having picnics on the grass, playing netball and paretns enjoing sitting in sun.

Comfort & Image

Heritage impact on look and feel of area.

Increased useable community space.

How will the trial's success be measured?

Will there be an impact on property values?

We will have excessive noise from ball bouncing and other activity.

Make the park larger so it can be better used.

Litter will be a problem.

It's a safe play space.
